Horseshoe Lake Park

Collaborative Planning, Equitable Connection

Path stems from existing usage of popular dirt trails

Formalized path improves safety and comfort while providing views of Doan Brook gorge

Ties together three communities, increasing access & benefits for each

Path connects to cultural, employment resources and encourages recreation

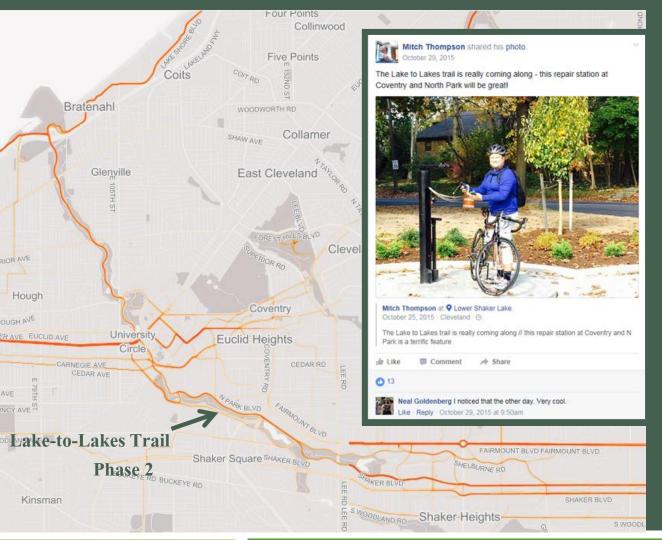

Buzz on the Street

Strong participation from Bike Shaker, enthusiastic project reception

Ribbon cutting planned for early May. Substantially complete in late 2015

Observed usage of path for biking, walking, and running across age and racial groups

Sensible Placement

Bike tracking resources show route's importance
